Cured Hay Fever And Summer Cold.

A. J. Nussbaum, Batesville, Ind., writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. H. Orme

LEVIAS.

NOTICE.

All persons having claims against the estate of J. N. Gass, deceased, are notified to present same to me for proof, on or before the first of October 1907 or same will be barred from collection.

W. R. ROBERTSON, Admr.

BATTLE OF BOONE'S FORT

Thrilling Attack on Kentucky Building at Jamestown Exposition.

Jamestown Exposition, Va.—Indian Warwhoops, the gleam of tomahawks and the rattle and crack of musketry will soon bring a bit of realism to the pine forest along the shore of Hampton Roads where nestles the log buildings and the stockade of the new "Fort Boone," Kentucky's home at the Jamestown Ter-Centennial Exposition. Boone's fort, the one erected by the great frontier man, Daniel Boone, stood on the South bank of the Kentucky river in Madison county, Kentucky and many of the legs for this representation at Jamestown came from the site of original fort. In days of Indian outbreaks the settlers flocked to the fort and many times was it attacked, but always successfully defended.

On July 14, 1775, Elizabeth and Frances, daughters of Col. Richard Callaway, and Jemima, daughter of Daniel Boone, were in a canoe on the Clark county side of the river. Lurking Indians captured and carried them away. The Indians were followed over a trail leading by where the city of Winchester is now located.

The girls were rescued from the Indians at a point near Blue Licks. The pursuing party was as follows: Boone, Major Smith, Col. Floyd, Bartlett Searey, Catlett Jones, John Holder, Samuel Henderson and Flanders Callaway. The last three were young men and lovers of the girls; Henderson of the elder Miss Callaway; Holder, of her sister Frances; Flanders Callaway, of Miss Boone. The story is one of the most thrilling in American history.

It is to commemorate this event that the citizens of that section of the Blue Grass State have arranged for a very unique celebration at the Jamestown Exposition on August 23. This date is known as "Winchester Day" and the program includes an attack on the "fort" by Indians concealed among the pines, and the capture and subsequent rescue of certain young ladies impersonating the pioneer damsels.

History will be repeated in realistic form. Real Indians will be in the attacking party and some of Winchester's people, both male and female, will represent Indians. Others will represent the defenders of the Fort and the girls who were captured.

The committee to arrange the program consists of R. R. Perry, H. K. Taylor, B. R. Jouett and Stuart Tracy, of Winchester. Several members of the committee are descendants of Boone's rescuing party of 1775. Ex-Mayor John E. Garner will respond to the Address of Welcome, and in addition some of Kentucky's most talented musicians will participate in the exercises.

The Exposition manager will give all necessary aid to make the day a success. There is no question but that Winchester Day will be one of the best during the Exposition.

The Need of an Educational Department.

BY W. HUGH WATSON.

Education is of sufficient importance to have a medium of communication, an avenue through which the teachers, the graduates of the public schools may interchange ideas and let the public know their ideas on educational problems, if they have any such things as ideas. The writer of this article was the editor of an educational column once and it was a source of gratification that many have spoken and written to him of the help and inspiration such a column was. Not that the editor made it such, but because the teachers "lent a hand" to materialize its success. If such an effort was a success and a help then why can it not be now? Many of the schools have already begun their winter's rounds and an educational department would serve as a tonic for run down nerves on Friday. Teachers and pupils both should be interested in such a forward movement. Prof. H. H. Cherry has beautifully said, "There is an educational daybreak everywhere." Let's make the daybreak in Crittenden county to be fairer and more auspicious by having a duly authorized educational department in the Record-Phoenix for this good year 1907. What I mean by being

"authorized" is that the teachers institute should take action upon it, electing an editor, giving instruction, etc. Then with such an authorized start such a step would mean something. It would mean that every teacher was keeping step to the music of educational progress. Each teacher would then be interested in the welfare of such a department because it would be a child of the teachers institute, a voice of the many in one.

Fear not failure, rarely do good things fail. 'Tis the fear of failure that makes failure present such a holocaust.

The institute is but a few days off and let us spend a few moments of this time in planning, in thinking for an educational department.

Other articles will follow this ere that time.

Lives There a Man?

Lives there a man who has not thought

While loafing where 'tis sunny Of all the great things he could do With some one else's money?

Lives there a man who has not thought Were some one else's chances his All public benefits would make Most wonderful advances?

Lives there a man who has not thought Mankind would cease to suffer If he could just change places with Some over rich old duffer?

But do you ever pause to think While in the sunshine scheming That rich men don't make their piles By sitting still and dreaming?

IMPORTANT

On the 1st day of August 1907, I will begin to make a list of Lien & Mortgage Notes for the use of the county Assessor, as required by law. See Acts 1906. All these notes are subject to taxation and all those holding notes of this kind that are not released of record on the 1st day of September 1907, will be taxed against the owner as shown by the records. Any one holding notes of this kind that have been paid off and not released of record should come in not later than Sept. 1st 1907, and release same or if you have held any notes of that kind that has been assigned to some one else it will be necessary to make the assignment on the records in the County Clerk's office or they will be assessed against you.

Sincerely Yours,
C. E. WELDON Clerk.
Crittenden County Court.
